

DOMESTIC VIOLENCE SURVIVORS NEED OUR HELP!

PADV provides a wide array of services to men, women and children each year. These services include providing everyday essentials required for daily living. When we can provide our families with basic needs such as food, clothing and toiletries, they are able to focus their efforts on bigger tasks such as finding employment and stable housing while saving money for their future. Please support PADV and its survivors by making a donation of everyday essentials. Please be sure to read our in-kind donation policy and feel free to contact our volunteer coordinator for any questions.
