Partnership Against Domestic Violence (PADV) is proud to announce our 8th Annual Teens Against Dating Violence Summit! As youth begin dating, we want to ensure they engage in healthy interaction. The Summit offers parents and teens an improved understanding of the ingredients that make up respectful relationships and how to recognize the warning signs and patterns of abuse.

The 2017 Summit will amplify teen "Voices & Choices" through hands-on activities, workshops, and teen-led sessions. It will also facilitate dialogue between teens and adults to grow understanding of perspectives, ideas and concerns.

ADMISSION IS FREE, BUT SPACE IS LIMITED.
