

Partnership Against Domestic Violence (PADV) has provided professional, compassionate and empowering support to battered women and their children since 1977. We are the largest nonprofit domestic violence organization in Georgia and our mission is to end the crime of intimate partner violence and empower its survivors. Over the last year, we provided each of the following programs and services free of charge to those in need.

**8,217** calls were fielded by PADV's crisis lines. They provide safety planning, information and support to callers in immediate danger, and to those with questions about others who may be battered.

#### CRISIS LINES

**563** women and children were residents at PADV's safe houses. PADV has two shelter locations with a total of 96 beds. During their stay, residents receive assistance with legal advocacy, support groups, clothing, food, housing referrals, childcare, transportation and job opportunities.

#### SAFE HOUSES

**5,193** individuals were assisted with legal advocacy support. As a part of PADV's legal advocacy services, we prepare temporary protection orders, assist clients in completing legal paperwork and advocate for the domestic violence survivor in the often intimidating and complex judicial system.

#### LEGAL ADVOCACY

**759** women collectively attended **3,479** hours of support group sessions. Support groups provide assistance to women who have left violent relationships or continue to live with their abuser. These women share experiences, offer encouragement and generate ideas on ways to live violence free.

#### SUPPORT GROUPS

**120** community presentations were made to a total of **6,798** participants. PADV believes that education is the key to ending domestic violence on a community wide level. We strive to teach and enhance the public's awareness and ability to speak out against domestic violence through our education and prevention efforts. We reach diverse groups including law enforcement, business, Latino groups, faith-based organizations, men and civic groups.

#### PREVENTION & OUTREACH

To have a strong impact on ending the crime of intimate partner violence, we have to start with youth. PADV provided **163** teen dating violence prevention program events, reaching **5,238** youth, parents and youth serving adults.

#### TEEN DATING VIOLENCE

**55** people were served through PADV's Supportive Housing Program. It assists battered women in their efforts to gain independence from their abuser. This program offers rental, utility, childcare, employment, legal and educational financial assistance.

#### SUPPORTIVE HOUSING
