Decatur High School

310 N McDonough Street Decatur, GA 30030

Partnership Against Domestic Violence (PADV) is proud to announce our 9th annual Teen Summit! As youth begin dating, it's important they are equipped with the necessary tools to help them engage in healthy interaction. Teen Summit offers parents and teens an improved understanding of the ingredients that make up respectful relationships, as well as how to recognize the warning signs and patterns of dating violence.

The 2018 Teen Summit will empower teens and adults to deepen the dialogue on teen dating violence, and prompt next steps that will help drive "Dialogue and Action". Through hands-on activities, workshops, and teen-led sessions, this event will equip both teens and adults with the tools necessary to not only engage in hard conversations, but grow in an understanding of each other's perspectives and concerns and generate plans of action attendees can take back to their own communities.

ADMISSION IS FREE, BUT SPACE IS LIMITED.
